

MEDWAY COUNCIL - JOB PROFILE

Job Description

Job Title	Senior Public Health Project Officer – Wider Determinants of Health
Directorate	PEOPLE: Children and Adults
Division	Public Health
Range	MPR 5
Reports to	Public Health Programme Manager

Main purpose of job

The wider determinants of health are a diverse range of social, economic and environmental factors which influence people's mental, physical, and social health. Systematic variation in these factors constitutes social inequality, which is an important driver of the health inequalities. In Medway we are committed to reducing poverty and inequalities; improving health and wellbeing for all so people have healthier and longer lives; for housing to be of good quality where people feel safe and connected; and for there to be strong community cohesion.

The main purpose of the role is to improve health and wellbeing and reduce health inequalities through addressing the wider determinants of health. The role will involve working strategically and collaboratively with voluntary, community, charity, social enterprise and faith organisations (VCSEF), the NHS, the Integrated Care Partnership and a wide range of council services.

The postholder will contribute to the delivery of the Medway and Swale Social Prescribing Five Year Plan and support the social prescribing system with a range of multi sector partners including, Primary Care and the VCSEF. They will be responsible for managing the Medway Link Worker Forum, developing and delivering training modules, and engaging with stakeholders across the system to identify and address gaps in local provision using a population health management approach.

They will be required to provide specialist support and linkage with the VCSEF, working collaboratively with the local authority and NHS to reduce health inequalities in Medway. The post holder will work with the programme manager to develop a strong asset-based approach and co-production methods which utilise the expertise of residents and community groups in participation. Developing an approach that engages

disadvantaged communities and supporting them to take part through effective tools and methods.

They will also be required to support the Programme Manager/Senior Public Health Manager on several priority areas some of which include, but not limited to,

- Social Health, contributing to the development and implementation of a 3-year action plan to address loneliness and social isolation across Medway,
- Addressing the social determinants of health through healthy and sustainable placemaking, and
- Contributing to the Medway Marmot Place programme of work.

They will lead and manage complex projects that deliver Public Health objectives, planning and securing resources for the project, managing the project team and identifying and mitigating risks.

To work in the context of Medway's 'Joint Local Health & Wellbeing Strategy' and the [Public Health Outcomes Framework](#) to reduce health inequalities.

The role will involve liaising with stakeholders in a way that promotes the [vision and values](#) of the Council.

Accountabilities and Outcomes
