

Job Title	Range ¹	Duties		Level A (Developing)	Level B (Practising)	Level C (Accomplished)
Public Health Assistant	Range 2	Carry out a range of administrative tasks, such as filing, dealing with the post, E-mails, report preparation, and collating information using various IT systems, following established processes and monitoring and reporting on the delivery of tasks and operating within the decision making, administrative and reporting processes that support political and democratic systems. Communicate effectively both verbally and in writing, with service users and team members to support service delivery. Communication with service users may involve sensitive information such as medical history, previous health behaviour change attempts, preferences and barriers to engaging, and logistical considerations and will require working within professional and ethical boundaries while promoting population health and wellbeing and addressing health inequalities. Represent the service at promotional events and assist in the delivery of health improvement interventions when emergency cover is required, in order to advocate public health principles and action to protect and improve health and wellbeing. Demonstrate a commitment to equality and diversity, delivering equitable and fair services for users, challenging discriminatory practices and actively manage and promote diversity. Act with integrity, consistency and purpose, and take responsibility for own personal development, ensuring that service specific knowledge and understanding is maintained and developed, in order to support the delivery of excellent administrative support across the team.
